

PORTFOLIO

LA BOTTEGA MANIFESTO

La Bottega is about story telling. La Bottega is a creative laboratory, constantly experimenting and looking for product innovation through new materials, shapes and new fragrance trends. La Bottega is a workshop of ideas and technological achievement. La Bottega is about living an adventurous life: a group of passionate creators, constantly challenging themselves to push boundaries beyond the normal and expected. La Bottega is a commitment to doing what the others cannot. La Bottega is the Best Kept secret. Our very unique nature and approach is expressed in every detail of how we interpret a project and develop it with our unmatched sense of style and design. La Bottega is the fixation on the unique and smallest details, that truly make the end result a one of a kind. La Bottega is a game changer, never accepting the "Status Quo". We love to get thrilled and to transfer our passion for what we create through our projects.

La Bottega is... a matter of style.

Salvatore Ferragamo

Salvatore Ferragamo is a Florentine House of Luxury specialized in the crafting of fine hand-made products and leather goods. From 1927, creativity, irreproachable sense of style and an obsession for details made this prestigious Fashion House conquer a place of honour within the fashion scene. The Florentine-based, family-owned company continues to produce the shoes that once earned it the nickname "Spartanaceo to the Stars," but also designs, produces and distributes a full range of men's and women's clothing and accessories. In addition, Ferragamo sells its own branded perfume lines, eyeglasses, watches and jewelry. Salvatore Ferragamo constantly brings a new energy to Italian craftsmanship, taking it to its point of view, where classic meets subtlety, irony and passion. A never ending vision to infuse timeless elegance, creativity, innovation and Italian spirit. With over 3,000 employees and an extensive network of 600 single-brand stores (332 directly operated stores), the Ferragamo Group is present in over 90 countries all over the world.
